

Newcastle Hunter Classic

One Loft Race

The Newcastle Hunter Classic is now open for entries for the 2017 race. There will be 3 lead up races ranging from 100km, 200km, 300km before the main race from the 500km distance, all these distances are approximate. With the 3 lead up races birds will be liberated with other birds to give the birds extra cover. We plan on each of the three lead up races having \$2,000 prize money to be split between four prizes.

This amount will be dependent upon total number of entries for these races, an example would be if (300 birds nominated) would supply \$6,000 for the lead up races. The main race from 500km is guaranteed prize money regardless of entry numbers.

NOMINATED BIRDS

Total cost of \$150 covers three lead up races and the Classic 500km race. \$60 per bird payable on nomination and balance of \$90 per bird payable when audit done in April/May 2017.

SPARE BIRDS

You can nominate one spare for every two nominated birds. \$40 to be paid for each spare at the time of nomination. This amount covers costs such as electronic rings, vaccination, health products and general costs such as tossing etc. Most importantly it qualifies the spare to compete for prize money in the three lead up races. A spare bird can replace a lost nominated bird for the 500km Classic at no additional cost.

A spare bird that is not replacing a nominated bird can be activated for the final race by making a payment of \$110.

ELECTRONIC TIMING

The Benzing electronic timing system will be used to decide the positions of all races INCLUDING THE 500km CLASSIC RACE.

We believe that this format for the Newcastle Hunter Classic One Loft Race will make for an interesting event for all owners with greater prizemoney available. All tosses and race results can also be viewed for the 2017 season on the Newcastle Classic Website. Entry forms can also be downloaded from this site.

www.newcastlehunterclassic.com

Main Race Prize Money:

1st \$10,000, 2nd \$2,500, 3rd \$1,000, 4th \$500.

5th Through to 10th receive free entry for the following year race.

Lead Up Races

This amount will be dependent upon total number of entries for these races, an example would be if (300 birds nominated) would supply \$6,000 for the lead up races. With 4 prizes for each of these races.
