The bird that I received from Keith Bartley in 1986 was a Jackson Barker cock which flew Bundaberg 1000 km, Mingary, 970 km. This cock was bred from the 5th National N.R.P. for George Powell. has been responsible directly/indirectly as a Sire, G/Sire and G/G Sire of over 20 club wins, countless fed placings and two 1st placing Federation wins (Hay Smash Fed National and Hay Smash Open. (Having 2 in a drop to win both races). I timed in at 12 pm on the 2nd day. Only 6 clocks in race time) won by over 2 hrs and 3 hrs. I had 3 birds home from this race. This Gift cock has had a big impact in my loft. I have also Keith's Macleans which came from Noel Ingrims. I received other birds from Keith over the years.

In 1992 and 1993 I purchased 6 pairs from Ned Sharp which made a big impact straight Away. In 1994 I went to Bob Englands and purchased the last 50 birds in his loft. These were a combination of Peddies, Maclean and Frank Schultz Grizzlies and Mealy, just prior to his passing.

Bob also gave me a pair off his 2nd Nation and Trevor Steeds Champion Buschart Cock which had already bred 5 National Winners in different Feds as told to me by Bob plus 2 for me. These had also made a big impact including many 1st club wins and Federation / National Level.

In 1996 I was introduced to Harry Appleby By Peter Pratt who I have known since the mid sixties. I flew against his brother Les Pratt in the 60's as a junior. This was the start of obtaining the best that Harry had. Harry gave me the Blacks, same as Black Prince line. They came from Hargrave Bros, know as the Gilson Blacks. Originally from Belgium. Harry's Peddies came from Jimmy Doran's father of Leichhardt. All these birds were gifted to me by Harry Appleby. I also bred specific birds for Harry at his request.
