BUSINESS ARISING:

1. President spoke on Saturdays liberation from Dolphin Point, and that he spoke with liberator John Sowter and John explained his reasonings for liberating the birds the way he did, with the RSPCA and South coast Wildlife at liberation, John explained that he liberated the passenger side of the small truck first to give the birds extra room to be liberated freely with no damages to any birds, John also said he could see all birds in the distance get together and no one was given an advantage. After lengthy discussion it was agreed John did the right thing but, in the future, to ensure that all birds get liberated at the same time, if he feels the liberation site isn't appropriate for such liberation to contact federation Secretary and President to find better more suitable location.
2. President spoke about Mondays Federation toss from Culburra being a great success, After a discussion from the Committee it was decided that this weeks Federation surplus toss will be from Culburra as Ulladulla/Dolphin Point isn't ideal liberation spot \$15 per basket for Culburra toss on 17/6 birds to be liberated at 12pm, The following weeks toss will be from Moruya following the race truck \$20 per basket support pending.
3. The Committee spoke about loading at Fairfield that once you load your birds on the truck to then proceed to leave the loading point and not hang around, Fairfield Showground loading is also a alcohol free area and no one is permitted to have alcohol on the premises, the loading point is also only for racing members of CCF no non members are to be at the loading point as they are not covered by any of our insurances. **All empty baskets to be replaced by full baskets by the same club and same spot no clubs are to swap positions with other clubs.**

4. Secretary read out letter from Oatley club regarding an incident between the Oatley loaders and the Wentworthville loaders at Fairfield on Friday night 9/6, after a lengthy discussion it was decided that both parties apologise and given a warning for their behaviour.
