

Race Teams for Sale

Race Teams of ten birds will be offered for sale again this year for the 2024 race season being bred off my very successful “NexGen” Van Loon based birds.

For many years now this family of pigeons have performed at the highest level for many fanciers across the country. They have won 1st Federation positions in Western Aust. Victoria and NSW. While in the QPF Federation last year (2022) pigeons from a previous race team won four top positions that included 2nd O/A, 11th O/A, 16th O/A and a 30th O/A. There have many other wins and placings reported as far north as Rockhampton (Qld.), the MNCF, SCF and Bendigo (Vic.)

This family of pigeons have been based on the original Ray Hunt and Des Sippet Planet Brother Van Loons with further introductions of Van Loon based birds obtained from Greg Hamilton, including the bloodlines of many of his champion producers that include: “The Pet Hen”, “Che”, “Matteo”, “Schalieke” and “Gilchrist” to name just a few.

In April this year I was able to purchase several of Steve Beverley’s top line-bred Van Loons at his total disposal sale. (*Steve passing away suddenly after a short illness.*) Steve was a close friend, and the fancier from who I obtained my original Van Loons birds back in 1996. These new introductions will be crossed back to my current family of Van Loon based birds to enhance those I already have.

In the last few years I have introduced a few very well bred Leo Herman birds that are closely related to his champion racer/producer “Olympiade”. Although early days, reports regarding the few I have bred with this cross have been very pleasing.

Only 10 teams will be available.

Teams of 10 birds will be for sale at \$700.00 plus freight

(Stock birds will be paired early August)
