Recission Motion

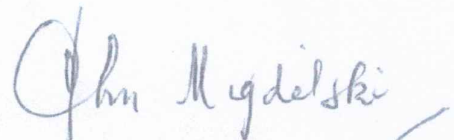

We, the members of Regent's Park Racing Pigeon Society submit for favourable consideration by the Federation and members the use of the 'OLD TRUCK' carrying 334 baskets and allowing surplus birds where possible on "FRIDAY NIGHT" basketing points.

The Federation benefits financially which in turn assists flyer's flying fees for the following season and enables members to get some birds along in contrast to the two alternatives i.e., geraldry truck and trailer with a maximum of 216 Baskets and baskets that most members find unsatisfactory at this stage.

Yours in Sport,

A. Sankari
(President)

John Migdalski
(Secretary)

Duly seconded by "Oatley RSL Pigeon Society"
