N/A

**Correspondence In:**

Deposit details and payment receipt for club house keys at Moruya Showground Poultry Pavilion for \$121.20

**Correspondence Out:**

Nil

**General Business:**

- BK - this is an extraordinary meeting called to discuss whether or not we fly this west line for the 2019 racing season as voted on at the last AGM. The meeting has been called as a result of above average losses from tossing at Braidwood. Only flying members can vote however all financial members current can have input. Our Constitution says that any changes must be a 100% vote otherwise things stay as they are with no changes as voted on at the AGM.
- General and orderly discussion took place with all present participating.
- Racing Pigeon Illawarra, who are also flying south line in 2019, was discussed as a means of carrying our pigeons however because of rota vaccine shortage Ulladulla fliers have not vaccinated and it is well known at this time that a large number of fliers in the Illawarra area have birds with rota virus. For that reason RPI presents a higher risk of contracting the rota virus hence will not be used for proposed race

series however once that sprint series concludes fliers are welcome to go further with RPI should RPI allow that.

- **MOTION:** The west line for 2019 is not commenced and is replaced with a sprint series on the south line with 2 races from each point up to Seaspray with a total of 10 races in the series and will commence on Saturday 22<sup>nd</sup> June 2019 with basketing on Friday 21<sup>st</sup> June 2019 commencing at the club house at 6 pm. Moved DH, Seconded GF - all in favour, nil opposed - **CARRIED.**

**Outstanding Actions:**

- BK to finalise sprint series race schedule on south line as per accepted motion and transport details and send to all members for their information including update of pigeon net site.
- MM to update club clock and computer systems.
- MB to process payment through club bank account for key deposit refundable to BK.

**Time Meeting Closed: 7.50 pm**

**Next Meeting: Friday 21/6/2019 after basketing of race birds.**
