Re: Ordering Rota Virus Vaccine

Please note that the Rota Virus Vaccine is now available through the supplier Treidlia BioVet.

Anyone wishing to order the vaccine should complete the form accompanying this email and send it via email or mail to Treidlia BioVet. Their contact details are available on the form.

The Australian National Racing Pigeon Board has compiled a list of donors to the Disease Management Fund and supplied the list to Treidlia BioVet. The supplier will develop a priority for supply of the vaccine from that list.

As far as possible supply will be based on the chronological order of the receipt of the donations.

Vaccine price details are available on the form. Supply of syringes, needles and vaccinating guns are available through the company.

Please note that whilst manufacture of the vaccine is underway there may be some initial limitations in supply.
