 - (a) Bill Collins - *"As it seems to be a proven fact that at the start of every new season with in a few weeks the Rotor virus is in members lofts. What I am proposing is that we return to a two round season so that lofts that contract Rotor early can start the second round with a healthy loft. I know not every member will have Rotor at the same time but I do feel that it will be of a help to some members. I do feel that this will be of some help it certainly will not hurt. We can still start the season at the same time and there is no need to fly less races"*. Seconded: D.Archer
