From Glen Cross, being holdover fee of \$150 for the last race.

Passed for payment; Moved M Mercieca

Second R Stuckey

All in favour ; Carried.

No Treasurer's report as books were being audited.

### General Business;

1. A discussion took place about the possibility of racing as North Coast Murrumba Racing Pigeon Club. This Club is registered and incorporated. The committee all agreed and decided to recommend this to members.
2. Glenn Cross has informed us that he will not be transporting the pigeons next year. Discussed buying our own vehicle to transport the pigeons. Glenn also gave us the option of buying his vehicle as he is going to trade it in. Was recommended to take it to the members for a vote.
3. If we purchase our own vehicle it was suggested that we have 3 club tosses prior to the first race.
4. It was decided to invite the other clubs in Combine to our Presentation.
5. Had a discussion on \$20 trailer levy, as quite a lot of flyers thought it was a membership fee to NRC. Decided to notify all the clubs that it is in fact a trailer levy.
6. It was decided by the Management Committee to ask the other clubs to nominate a delegate to attend Management Committee Meetings on their behalf. Meetings are to be held the last Friday of the month at 7 p.m. except December. We were getting a lot of feedback that some of the clubs wanted a little bit of input, or were considering not flying with us. They have also stated that they felt they were not being informed of decisions being made, or having any input.

7. Glen had informed the committee that there needed to be another water tank fitted to the trailer as more water is needed. Committee agreed.

Meeting closed at 8.15 p.m.
