Ian Cree asked the Secretary whether all numbers of flyers from each club were confirmed. Secretary's response was that all clubs had confirmed their numbers for 2013 except the Sunshine Coast Club.

It was moved by Ron McKiernan that all scanning keys for the electronic timers are to be locked in the box with the race sheets. Seconded Ian Cree.

Jade Shelldrick showed photos of a new loft a flyer has built, he wanted to know if the antenna was placed in the correct position. He was told that it complied with the NRC rules and therefore was acceptable. He also asked whether the antennas needed to be resealed next year as some of the flyers remove their antenna in the off season. After a discussion the answer was no.

Dennis Martens asked what happens if the Sunshine Coast have not replied by the time of the special meeting. The NRC members will make that decision at the meeting.

Carl Swan asked what was the possibility of having a continuous clock instead of hours of darkness. This will be discussed at a general meeting of the NRC.
