General Business

1. Notice of Motions put in by Shellies Pigeon Club

Motion 1, It is the opinion of our club members, that it is essential for the SCF to consider following the CCF and released behind them we had a cracking year with great returns. Due to the losses of birds over the past few years both North and South, we must try something new n 2021 and onwards if possible.

Motion 2, Regarding Racing & clocking rules April 2013

5 “change of racing conditions” Paragraphs 1&2.

Fully delete paragraph 1. Which states:

No motion be accepted for the change of a race direction or race survey method. for those races conducted by the SCF (in that direction) for the following year after the 1st of July (or when the life rings become available for sale) e.g., SCF. racing conditions for 2008 cannot be altered after the 1st of July 2007

Keep paragraph 2. Which now reads

When racing has commenced, or will soon commence, and actions or conditions occur that will make racing the agreed program impossible to continue e.g (pigeon health restrictions. fire. Government rulings, force majeure) a ballot will be conducted, of all members for the approval of the change as per constitution. this rule will apply even after the issue of the life rings for that race season have been distributed.
